**NSU/Nursing Home On Call Resident:** Each week, there is a Resident On Call for NSU/Nursing Home. That resident rounds on Tuesday at the Nursing Home with the Nursing Home Attending and answers any after hours or weekend emergency calls (from patients or for critical labs) for any of the NSU clinics, which is infrequent. The resident has half days of clinic during the week and also serves as backup for Family Medicine clinic or Inpatient Family Medicine Service in case a resident is sick and needs coverage. PGY1's serve as the on call resident towards the end of their PGY1 year.
